Lawrence Griswold and Fred Austin marked several miles of the Long Trail from Prospect Rock down to Stratton mountain Saturday and Sunday, going from Bennington to Manchester by train and hiking out from Manchester. The trip was too long to reach Stratton mountain look-out station in one day as planned.

One of the largest congregations, which has filled the local Congregational church for many Sundays, was present yesterday morning to hear the former pastor, Rev. Charles R. Seymour. Mr. Seymour is spending his vacation here this year. He occupied the local pastorate in the early thirties and many former Benningtonians came from surrounding towns to hear him. He is spending a few weeks at a camp in Woodford and is accompanied by his unmarried daughter, Miss Margaret Seymour.

J. E. Shennett, an insurance investigator with headquarters in Boston, who has been in Bennington during the past week, left town this morning. Mr. Shennett has been making a thorough inspection of the village water system for the purpose of making insurance rates. He has mapped the different mains and has otherwise looked into the possibilities of the system from the standpoint of fire protection. Saturday afternoon a test of the water pressure was made from the hydrants on Main street.

Benningtonians who want a pleasant and interesting Sunday afternoon walk should hike the two-and-one-half miles to the new Y. M. C. A. camp between the Burgess and Woodford roads, which is under construction there.

Arthur J. Holden not only has given a good-sized piece of land for the camp, but has furnished sufficient lumber to make possible a camp as large as many bungalows in the village, a building about 30x40, containing four rooms being under construction. Substantial walls have been erected by masons and the boys of the Y under the supervision of Forrest Parsons have erected the studding and Saturday night saw the roof laid. The outside is to be covered with slabs in imitation of a log cabin. A broad piazza overlooks Bennington, with excellent view of Mt. Anthony on the west. Inside a comfortable fireplace has been constructed and when completed the building will accommodate twelve to fifteen boys over night.

FOUR DOCTORS DISAGREED

Pains Disappeared After Use of Lydia E. Pinkham's Vegetable Compound.

Wilmington, Del.—"I was suffering from a terrible backache and pains in my side, with bearing down pains and was very nervous. I was always tired, always drowsy, never could get enough sleep and could not eat. I had four doctors and each told me something different. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it. I got good results and I now feel better than I have felt for years and I am gaining in weight. I can gladly recommend it to all women."—Mrs. GEORGE W. SENOLD, 1611 West 4th Street, Wilmington, Del.

Backache and bearing down pains are danger signals which every woman should heed. Remove the cause of these aches and pains by taking Lydia E. Pinkham's Vegetable Compound, that good old root and herb medicine. Thousands of women have testified to its virtues. For forty years it has been making women strong, curing backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pain.
